

TUITION TRANSPARENCY

OTTERBEIN'S COMMITMENT TO AFFORDABILITY

WHAT IS TUITION TRANSPARENCY?

Simply put, Otterbein believes students **SHOULD KNOW AND BE ABLE TO PLAN FOR FUTURE TUITION** costs through the end of their degree.

EXAMINE OTHER SCHOOLS AND DISCOVER ONE OF TWO MODELS:

“SURPRISE!” OR “GUARANTEE”

The “**SURPRISE!**” tuition rate model is subject to an unknown increase late each spring. This “**SURPRISE!**” doesn't allow students to know how much the increase will be or have time to prepare for the increase.

The four-year price “**GUARANTEE**” model locks in tuition at its highest four-year rate for a padded cost. With this “**GUARANTEE**” students end up paying the fourth-year price every single year.

OUR COMMITMENT TO AFFORDABILITY:

You will **NOT BE SURPRISED** by unexpected tuition increases, nor will Otterbein over-inflate current tuition rates in order to keep tuition flat for four years. You will know, before you enroll, what tuition costs will be for each year of your four-year degree. **It's that simple.**

TOTAL TRANSPARENCY.
